

# ***Bio-Fill from Propak Industries***

***Reduces your Carbon Footprint***

# ***Bio-Fill replaces polystyrene chips, plastic air pillows, paper and bubble wrap, naturally.***

***Improves  
Carbon Credit Liability  
and reduces  
Carbon Footprint.***

# ***Bio-Fill - a brilliant, 100% natural, 100% biodegradable packaging solution***

**Bio-Fill packaging chips  
are manufactured from corn and  
potato starch and are extruded in Australia  
without the use of water.**

**They are safe, clean, inert and  
100% biodegradable. Bio-Fill functions in  
all climates and is fully compostable.**
